Dear friends,

We believe that God is growing CBM! Ecclesiastes 3:1 and :2b says "To everything there is a season, and a time to every purpose under the heaven... a time to plant and a time to pluck up that which is planted." This ministry has seen the fields ready for harvest and is excited about the harvesters that will be sent out. God has been working in the lives of His people to call them into the field and is preparing them for what lies ahead. These same people's lives have been poured into by the ministry of different CBM areas, and are now themselves called and ready to serve and pour into others. God is raising up leaders who will carry this ministry forward for generations to come, should He tarry.

The future of CBM is that of **growth**. There are new areas to be reached and those that have not yet heard the good news – God is calling forth His people to go and change the world for Him. A former counselor will begin the first work of CBM in Kansas. In September, five young people will take the huge step of joining CBM for a year as interns, and it is so exciting to imagine how God will use these lives that are sold out for Him. After they finish the program, will they begin new CBM areas in other states or countries? How many lives will be changed as a result? This ministry has as its core purpose reaching kids with the gospel, and God is calling new people to get on board. **Are you one of them? How will you join with us** in this vision to grow this ministry that seeks to reach this generation with its greatest need?

The gospel of Jesus Christ is life-changing, and it's all we need. Whether you are part of this vision through prayer, finances, volunteering, or any number of other ways, thank you so much! If you would like more information on how to become more involved in this ministry, please contact us for incredible ministry opportunities!
